Joe Camero

With nearly 20 years working in the health care, environmental, telecommunications and youth development fields, I am keenly aware of the challenges that lie ahead in our communities. Access to quality health care and education and the protection of our environment are fundamental needs. I pledge to support programs that address the broader needs of our population, so that we can advance as a whole to achieve our American dreams.

Joe Pflugh

I've always been a lifelong Democrat, but since moving to California a few years ago, I've learned what it means to be a true progressive. California needs strong leadership to remain the "Big Blue Beacon of Hope." I will endorse basic planks of the progressive platform such as universal healthcare, a cleaner environment, tuition-free college, affordable housing, etc.

Jorge Lopez

I am a grassroots activist who ran for State Assembly, and became President of the Democrats of Southwest Riverside County to further an agenda that offers equity, justice and fairness to the people.

Morgan Singleton

As a father and special education teacher, who has lived in AD 67 for over a decade and a lifelong Democrat, I am committed to improving our community for our children and working families. This starts with better representation and having a seat at the table. I've had the privilege of being an alternate for delegates in the past and got an inside perspective of party politics in California through my wife's campaign for State Assembly.

Travis Finnern

I am a husband, a father and retired, with a background in International Business. I've also served on the board for non-profit organizations. I became extensively involved in politics two years ago. I am looking for Democrats who share my progressive values as well as maintain their personal integrity, honesty and ethics.

Spencer Freeman

I am a board member of Democrats of South West Riverside and, area coordinator for Calif Clean Money. I'm running to give the people at the grass roots level a fair voice in party decision making.

Timothy J. Sheridan

It has been an honor to serve as AD 67's Executive Board Representative the past six years. Thank you! This year I'm running to serve as an ADEM 67 delegate only. I would appreciate your support.
